DAWES CLAIMS  
THAT IS ISSUE IN  
THE CAMPAIGN

DECLINES TO ENTER IN CONTROVERSY WITH HIS OPPONENT WHEELER

HAS BEEN TRAILING THE LATTER ACROSS MINNESOTA

(By United Press)  
Rochester, Minn., Sept. 25.—Sticking to his conviction that the issue of the campaign is "Americanism" versus "socialism," Charles G. Dawes today declined to enter a controversy with his opponent, Burton K. Wheeler, whom he is trailing across Minnesota.

"On one side stands the constitution of the United States, the American flag and the principle which it upholds, backed by President Coolidge," Dawes told a platform crowd here today.

"On the other side are socialists, socialism and the red flag, backed by Robert M. LaFollette.

"I am in this campaign on the theory that the American people are a common sense people," Dawes greeted the crowd after an introduction by Allen J. Furlow, prominent Rochester republican.

"This is a little bit different sort of campaign than most campaigns. Too many times in campaigns speakers have been merely trying to please the people. They have taken mixed sides—railroad wages in one section—lower rates in another—and such claptrap. We cannot make any progress toward solutions of problems with those kinds of fellows. They don't help us much.

"It has not been difficult to talk, because the American people are in earnest. I have had to change my ideas. When I started this campaign I had a different idea than I have now. I wanted to talk about the budget, the league of nations and other topics, but I have come to discuss this other issue instead. I have dismissed the budget and league of nations to take up this issue, which has come into American affairs like a thief in the night.

"In the mind and conscience of the American people there is one great issue, because Robert M. LaFollette through his mass collection of those opposed to the existing order of things, attacked our constitutional form of government.

"They have talked to me about radicalism in the west. There is none. I have lived in the west and there is no radicalism in that section of our country. They are the rock on which our constitutionalism is founded.

"These people in the west like to do what they can to improve conditions. They are not against the order of things.

"There is all the difference in the world between a state of mind and radicalism. That is where LaFollette made his mistake—when, in order to get the socialists he attacked the constitution of the United States. The socialists are in his camp following the red flag. They propose to break down that division of the government—that balance of power created through the legislative, judicial and executive departments and to subordinate the executive and judicial to the legislative.

"We have a constitution which secures to us our inalienable rights, for you and me. They are the rights upon which our government is founded. They are the inalienable bill of rights established at the cost of millions of lives on the fields of battle. It is your bill of rights and my bill of rights. It reserves to us the right to go to whatever church you choose and to worship as your conscience dictates—the right of property and to trial by jury—all inalienable rights.

"That is the part of the government which protects us. Congress cannot touch them. Now it is proposed to take away from us some of these rights under the provisions of the constitution. Congress cannot now infringe upon the other departments of government. It is proposed to take that protection away. Then your bill of rights would be in

NIGHT CONSTABLE  
LOCKED IN HIS

BANDITS IMPRISON HIM AND THEN DYNAMITE TRUMAN BANK

CAMPAIGN OF COMPLETE TERRORIZOR CARRIED OUT

(By United Press)  
Fairmont, Minn., Sept. 25.—Chas. Graff, night constable at Truman, near here, was locked in his own jail by bandits who early today dynamited the Truman National bank and obtained \$150 loot.

Two carloads of bandits drove into the town about 1 o'clock this morning and started a campaign of complete terrorization.

They shot out lights and when they came across Graff they peppered the sidewalk at his feet with bullets. Graff surrendered and was relieved of his gun, keys and star. The bandits took him to the village jail and locked him in a cell.

While one car cruised the streets keeping up the terror program, the other car stopped at the bank and set off six charges of dynamite, opening the safe but failing to open the inner safe which contained \$4,000. Finally, with only \$150 loot found in a cash box, the bandits left. They had worked on the job for three hours.

Max Bussman, living alone above the bank, witnessed the entire proceedings but he was so fear-stricken himself that he made no move to arouse the villagers.

AMERICANISM VS. SOCIALISM  
TRIED OUT BEFORE

Minneapolis, Sept. 25.—General Charles G. Dawes was advised on his arrival in the Twin Cities today to stir up some other issue than Americanism versus socialism.

That issue was tried in campaigns against the Non-partisan League and the new Farmer-Labor parties of Minnesota and other Northwest states, he was told. Senator Magnus Johnson and Senator Henrik Shipstead in Washington are evidence that it failed in Minnesota. Senators Frazier and Ladd ditto as to North Dakota. Dawes' advisors pointed out.

Dawes interested himself in the local situation and expects to spend most of the afternoon in conferences and study. In his speech tonight he may depart from the issue so far discussed by him, but he indicated he would avoid personalities wherever possible.

PROTESTS APPOINTMENT OF AN AGRICULTURAL COMMISSION

(By United Press)  
Camp Perry, O., Sept. 25.—Senator Smith S. Brookhart, Iowa, republican has sent a telegram to President Coolidge protesting the appointment of what he terms the "outside the law" agricultural commission and demanding an immediate session of congress to provide farm relief.

"In the five years that we have had a similar commission, there has been gathered a stack of data higher than you can reach," Brookhart's telegram said, "and yet nothing has been done for the farmer. Congress, not commissions, make our laws."

GUY H. CLARK AND THOMAS A. DOHERTY ACKNOWLEDGE GUILT

HAD LOOTED SAVAGE, MINN., BANK OF ABOUT \$16,000

(By United Press)  
St. Paul, Sept. 25.—Guy H. Clark, and Thomas A. Doherty have confessed to the robbery of the Savage, Minn., bank, September 23, 1922, it became known today when Joseph L. Hilgers, Scott county attorney, admitted that reports current about the capital that a confession had been made were true.

While he refused to make any statement concerning the prosecution of the two men, who are now held in St. Cloud reformatory for a St. Paul holdup, he indicated he would attempt to have them brought to Shakopee to face the bank robbery charge.

The two men first confessed to the state parole board, Mr. Hilgers said, and then furnished him with a written confession.

The Savage bank was robbed by three men who obtained \$16,000, of which \$1,000 was in cash and the remainder in bonds.

Henry C. McLean was the third member of the gang arrested. He was sentenced to Stillwater prison for the bank robbery. A large part of the loot was recovered in the McLean home.

The St. Paul holdup for which Clark and Doherty were sentenced was that of Durand C. Holt, attendant at a Standard Oil Company filling station, on September 7, 1922.

YOUNG GIRL KILLS  
LOVER'S FATHER

(By United Press)  
Paris, Sept. 25.—Frustrated in her ardent love for a lad of 15, Marie Rossignol, a pretty little girl of 14 years, shot and killed her sweet-heart's father, a man named Chinon, at Privas, in the Ardeche Department. The children had become engaged but could not be married unless the boy's father asked for a legal dispensation on account of their youth. The father refused to do this, and said they would have to wait until they were old enough to know their own minds.

The girl stole her father's army revolver and hid behind a patch of shrubbery in the Chinon garden until M. Chinon came out for his morning walk. She fired twice, killing him instantly.

"He wanted to prevent our happiness, and it was all his fault," Marie said when she was arrested.

Paris, Sept. 25.—Several German airplanes flew over Paris 10 days ago at between 5,000 and 6,000 meters, according to an official report in the hands of the French government, La Liberte declares today.

The newspaper pointed out how easy it would be for the planes to have made pictures for the purpose of making maps which could be used for bombing Paris by night.

"At a time when the German government and ours are stressing the need for peace so important, it would be amazing if France is not playing the role of dupe," La Liberte comments.

(By United Press)  
Winnipeg, Man., Sept. 25.—Though a democratic eye is one of the chief features in the makeup of Edward, Prince of Wales, even that squinted for a few moments yesterday when, after a strenuous hour in the Squash Racquets club, H. R. H., pouring sweat and muffled in a heavy sweater, dashed from his motor at the Fort Gary Hotel. As he did so he noticed that a movie cameraman was busy recording his untidy appearance for distribution over the countryside. "That is most unfair," grumbled Edward. "I don't want to be taken like this."

But the democratic eye unsquinted during the morning when the prince saw the blazer colors and tie associated with an organization in which he is deeply interested in the old country. His whole face brightened and he left his aides, walked across the street and shook the hand of the surprised young man.

The royal visitor inquired as to the growth of the movement in western Canada and outlined the chief events which had taken place at the general assembly of the organization in London last winter. Then he expressed the hope that the organization would have a happy and successful life, shook hands again, and passed on.

The prince left at 1 o'clock yesterday for West Shore, where he will visit his ranch in Alberta.

Three rear platform speeches, at Rochester, Zumbrota and Red Wing stand between him and Minneapolis, where he will have several hours to confer with Minnesota republican leaders before speaking at the Armory tonight. Tomorrow he will go on to Anoka and St. Cloud, later returning to St. Paul.

WHEELER GIVES  
AIMS OF THE  
INDEPENDENTS

SAYS ONLY HOPE FOR FARMERS LIES WITH PROGRESSIVES

SAYS FARMERS HAVE STOOD BY LA FOLLETTE FOR 20 YEARS

(By United Press)  
Duluth, Minn., Sept. 25.—Congress will be called immediately and instructed to design permanent agricultural relief laws if the independent ticket is successful, Senator Burton K. Wheeler announced to farmer followers in this northern point of his western crusade today. "The only definite hope of relief for farmers lies with the progressives who long ago began fighting your battles in Washington," Wheeler declared.

"Our opponents would trick you. President Coolidge has announced his farm program as 'wait a while.' He would appoint an agricultural commission to study a situation which is obvious to everyone at present. No good can possibly come of it until you and I are dead."

"Dawes, the Daugherty of the new republican ticket, openly states that farm questions have no part in this campaign and he will say nothing about them."

"Davis says he would help the farmer, but he does not say how. What other politician would not say as much?"

"You farmers have stood by LaFollette for 20 years, and you cannot desert him now, when he is just approaching a greater opportunity to work in your behalf than ever before."

Reports have been brought to Wheeler concerning a terrific drive planned by the republicans to overthrow the claimed LaFollette majority in the state. Impartial observers here say that the state of Minnesota is by no means safe for the independents. They believe the recent change in farm prices may have caused some farmers to change their minds.

Wheeler has claimed a two-thirds majority for the progressive ticket.

At St. Paul last night Wheeler met the largest audience thus far on his tour. The meeting was arranged by Farmer-Labor party chiefs of Minnesota and Senators Shipstead and Johnson, who in speeches pledged their aid to the independent ticket.

(By United Press)  
Rochester, N. Y., Sept. 25.—After a nearly all-night battle behind locked doors, the platform committee of the republican state convention voted to present a plank denouncing the Ku Klux Klan by name.

The plank condemns "any organization, whether it be called Ku Klux Klan or by any other name," which seeks to inject race and religion into politics.

The committee went into executive session at 8 o'clock last night. It was 3 o'clock when the platform was finally adopted with the plank naming the Klan.

YOUNG ROOSEVELT IS  
NOMINATED FOR GOVERNOR

Convention Hall, Rochester, N. Y., Sept. 25.—Assistant Secretary of the Navy Theodore Roosevelt was nominated as the republican party's candidate for governor by the state convention here today.

Roosevelt's nomination came on the first ballot of the convention. He received 557 votes, according to unofficial figures, while he needed but 496 to win.

Roosevelt was at his hotel headquarters when the nomination was made but his managers in the convention hall said he would issue a statement later in the day accepting the nomination.

The convention adopted the platform as drafted by its committee, including the plank denouncing the Ku Klux Klan by name.

In accepting the nomination, Col. Roosevelt issued the following statement:

"The republican party has done me a very great honor and I am deeply grateful. Our platform is sound, constructive republicanism."

"I stand upon it four square. "President Coolidge has given us an unequalled administration. We in this state will bend every effort to back Calvin Coolidge."

GREAT NORTHERN  
TO BUILD 2,500

St. Paul, Sept. 25.—The expenditure of \$6,500,000 for 2,500 freight cars was authorized yesterday afternoon by the directors of the Great Northern.

Meeting for the first time with Louis W. Hill, chairman, since his return from Europe, they voted to adopt this preparedness program for 1925.

"This is in line with the Great Northern policy of creating as much business as possible during periods of industrial quiet," said Ralph Budd, president, in commenting on this expenditure.

The cars include box cars, automobile cars and stock cars.

HILL TO BE IN COURT ON NEXT TUESDAY, SEPT. 30

HIS TRIAL WILL BE AFTER THE ELECTION IN NOVEMBER

(By United Press)  
Baltimore, Sept. 25.—District Attorney W. W. Woodcock today announced that Congressman John Philip Hill will be arraigned in United States district court Tuesday for manufacture and possession of 2.75 per cent cider and wine.

Hill, however, will not be arrested. "I have had a talk with Hill's counsel," Woodcock said, "and he has said that he will have Hill in court on Tuesday. It will not be necessary to arrest him."

When he is arraigned Hill may demur to the indictment if he desires. His trial will be after the election in November.

PARTY WAS NO  
SMALL AFFAIR

Baltimore, Md., Sept. 25.—Sixty-five gallons of 2.75 per cent cider and two kegs of near beer were consumed by more than a thousand guests who attended the "party" staged by Representative John Philip Hill, on the farm that is in the backyard of his residence at 3 West Franklin street, Saturday night.

No prohibition agents interfered with the festivities. The raid, which many either feared or hoped for, did not materialize. Before 8 o'clock a crowd had gathered before the gate of Mr. Hill's yard. On the gate was a sign "Open at 8 o'clock p. m.; rain will not prevent."

Promptly at 8 o'clock Mr. Hill himself appeared and invited his guests inside. Later he made a speech. He said:

"Back in '74 they had the Boston tea party and now I hope we'll have in congress a peaceful revolution of congressmen who vote as they drink. We don't care about 2.75 per cent cider; what we want is 2.75 beer. But your presence here will show Prohibition Commissioner Haynes that 2.75 per cent cider and beer are not intoxicating."

Among the guests were many women, most of them prominent in republican politics.—Duluth Herald.

PETER VERBOLINA IN DANGER OF BEING SEIZED BY ENRAGED PEOPLE

(By United Press)  
Gary, Ind., Sept. 25.—A heavy guard was placed around the jail here today to prevent possible attempts of enraged Italians to seize Peter Verbolina, 28, who confessed to assaulting and killing Anna Tomisch, pretty 9-year-old daughter of an Italian merchant.

After hours of sharp cross-examination, Verbolina confessed to police that he carried the child off Monday afternoon, assaulted her, choked her, and then carried the body to Tolleston, a suburb of Gary, and buried it in a shallow grave.

Verbolina led a squad of police to the spot. The body was found under a six-inch covering of sand.

The body was face down, with the hands tied behind the back with a cord. Verbolina was arrested in Chicago last night.

"Dawes, the Daugherty of the new republican ticket, openly states that farm questions have no part in this campaign and he will say nothing about them."

"Davis says he would help the farmer, but he does not say how. What other politician would not say as much?"

"You farmers have stood by LaFollette for 20 years, and you cannot desert him now, when he is just approaching a greater opportunity to work in your behalf than ever before."

Reports have been brought to Wheeler concerning a terrific drive planned by the republicans to overthrow the claimed LaFollette majority in the state. Impartial observers here say that the state of Minnesota is by no means safe for the independents. They believe the recent change in farm prices may have caused some farmers to change their minds.

Wheeler has claimed a two-thirds majority for the progressive ticket.

At St. Paul last night Wheeler met the largest audience thus far on his tour. The meeting was arranged by Farmer-Labor party chiefs of Minnesota and Senators Shipstead and Johnson, who in speeches pledged their aid to the independent ticket.

### ARMY FLIERS HOP OFF FOR SAN FRANCISCO

(By United Press)  
Clover Field, Santa Monica, Calif., Sept. 25.—The American round the world fliers took off here at 10:02 a. m. for San Francisco "double tracking" a portion of their trail from here to Seattle.

### PLATFORM COMMITTEE TAKES STAND

NEW YORK REPUBLICANS DENOUNCE K. K. K. BY NAME

COMMITTEE HAS ALL-NIGHT SESSION ON THE SUBJECT

(By United Press)  
Rochester, N. Y., Sept. 25.—After a nearly all-night battle behind locked doors, the platform committee of the republican state convention voted to present a plank denouncing the Ku Klux Klan by name.

The plank condemns "any organization, whether it be called Ku Klux Klan or by any other name," which seeks to inject race and religion into politics.

The committee went into executive session at 8 o'clock last night. It was 3 o'clock when the platform was finally adopted with the plank naming the Klan.

### YOUNG ROOSEVELT IS NOMINATED FOR GOVERNOR

Convention Hall, Rochester, N. Y., Sept. 25.—Assistant Secretary of the Navy Theodore Roosevelt was nominated as the republican party's candidate for governor by the state convention here today.

Roosevelt's nomination came on the first ballot of the convention. He received 557 votes, according to unofficial figures, while he needed but 496 to win.

Roosevelt was at his hotel headquarters when the nomination was made but his managers in the convention hall said he would issue a statement later in the day accepting the nomination.

The convention adopted the platform as drafted by its committee, including the plank denouncing the Ku Klux Klan by name.

In accepting the nomination, Col. Roosevelt issued the following statement:

"The republican party has done me a very great honor and I am deeply grateful. Our platform is sound, constructive republicanism. I stand upon it four square."

"President Coolidge has given us an unequalled administration. We in this state will bend every effort to back Calvin Coolidge."

### GREAT NORTHERN TO BUILD 2,500 FREIGHT CARS

St. Paul, Sept. 25.—The expenditure of \$6,500,000 for 2,500 freight cars was authorized yesterday afternoon by the directors of the Great Northern.

Meeting for the first time with Louis W. Hill, chairman, since his return from Europe, they voted to adopt this preparedness program for 1925.

"This is in line with the Great Northern policy of creating as much business as possible during periods of industrial quiet," said Ralph Budd, president, in commenting on this expenditure.

The cars include box cars, automobile cars and stock cars.

### CHARGED WITH MAKING 2.75 PER CENT STUFF

HILL TO BE IN COURT ON NEXT TUESDAY, SEPT. 30

HIS TRIAL WILL BE AFTER THE ELECTION IN NOVEMBER

(By United Press)  
Baltimore, Sept. 25.—District Attorney W. W. Woodcock today announced that Congressman John Philip Hill will be arraigned in United States district court Tuesday for manufacture and possession of 2.75 per cent cider and wine.

Hill, however, will not be arrested. "I have had a talk with Hill's counsel," Woodcock said, "and he has said that he will have Hill in court on Tuesday. It will not be necessary to arrest him."

When he is arraigned Hill may demur to the indictment if he desires. His trial will be after the election in November.

### PARTY WAS NO SMALL AFFAIR

Baltimore, Md., Sept. 25.—Sixty-five gallons of 2.75 per cent cider and two kegs of near beer were consumed by more than a thousand guests who attended the "party" staged by Representative John Philip Hill, on the farm that is in the backyard of his residence at 3 West Franklin street, Saturday night.

No prohibition agents interfered with the festivities. The raid, which many either feared or hoped for, did not materialize. Before 8 o'clock a crowd had gathered before the gate of Mr. Hill's yard. On the gate was a sign "Open at 8 o'clock p. m.; rain will not prevent."

Promptly at 8 o'clock Mr. Hill himself appeared and invited his guests inside. Later he made a speech. He said:

"Back in '74 they had the Boston tea party and now I hope we'll have in congress a peaceful revolution of congressmen who vote as they drink. We don't care about 2.75 per cent cider; what we want is 2.75 beer. But your presence here will show Prohibition Commissioner Haynes that 2.75 per cent cider and beer are not intoxicating."

Among the guests were many women, most of them prominent in republican politics.—Duluth Herald.

### CONFESSES TO KILLING A LITTLE GIRL

HEAVY GUARD PLACED AROUND GARY, INDIANA, JAIL

PETER VERBOLINA IN DANGER OF BEING SEIZED BY ENRAGED PEOPLE

(By United Press)  
Gary, Ind., Sept. 25.—A heavy guard was placed around the jail here today to prevent possible attempts of enraged Italians to seize Peter Verbolina, 28, who confessed to assaulting and killing Anna Tomisch, pretty 9-year-old daughter of an Italian merchant.

After hours of sharp cross-examination, Verbolina confessed to police that he carried the child off Monday afternoon, assaulted her, choked her, and then carried the body to Tolleston, a suburb of Gary, and buried it in a shallow grave.

Verbolina led a squad of police to the spot. The body was found under a six-inch covering of sand.

The body was face down, with the hands tied behind the back with a cord. Verbolina was arrested in Chicago last night.

## IMPORTANT SESSION CHAMBER COMMERCE

Dairy Sire Committee Reports All Bills Paid, Caretakers Cooperating Splendidly

### REPORT ON 10,000 LAKES

Revenue at Tourist Camp Ample to Cover Expenses—Fox Farm Near City Discussed

The Chamber of Commerce met in regular session on Wednesday evening, with a good attendance, and disposed of some important business in addition to hearing a number of interesting reports.

S. R. Adair, chairman of the dairy sire committee, reported that sufficient funds had been raised to purchase the number of sires that the committee had planned to buy. These sires were placed throughout the rural communities and are being cared for through an organization of farmers.

All bills have been paid, Mr. Adair reported, and the committee has about ten dollars in its treasury. An itemized report will be made at the next regular meeting of the Chamber. County Agent E. G. Roth is keeping in touch with the animals, and reported that all are in good condition and that the caretakers are exhibiting a real interest in them and will be glad to show them at any time. The report of the committee was accepted and the committee given further time to complete its work.

R. R. Gould reported in part on the committee's activities for the Ten Thousand Lakes Association. He stated that \$643 have been collected and that it would be possible to collect more. One hundred dollars of this amount is to be used for advertising circulars which the Chamber has authorized, and which will advertise the Brainerd lake region. The balance goes to the Ten Thousand Lakes Association for lakes advertising.

A report of the industrial promotion committee in regard to the tourist park was read. This report stated that while the campsite is not under the supervision of the committee, still the Chamber is much interested in its success. The revenue from the park this past season fully took care of the expense of maintaining it, and a nominal sum is on hand with which to make some very much needed repairs before the 1925 season opens. This report was accepted and placed on file.

The matter of utilizing the old court house property was reported upon by A. L. Hoffman, who stated that an option terminating in six months, had been obtained from the county commissioners, but to date no one had been found who wished to make use of the property. Upon motion duly carried \$25 was allowed the industrial promotion committee with which to advertise this property.

A communication was read from W. H. Gemmell, regarding the arrangements for a meeting on October 27th for the farmers, at which time F. Benz, agricultural agent for the Northern Pacific Railway is to speak. Both business men and farmers are invited to this meeting.

George Miller, was a visitor at Wednesday evening's meeting, and addressed the members on the matter of organizing a fox farm a few miles west and south of Brainerd, where 240 acres of very suitable land is available. Mr. Miller explained in detail the plan of organizing a company to promote this industry, and stated that if there are sufficient people in Brainerd who wish to invest in this business and a desired amount of capital can be secured by October 1st, the industry will be started, otherwise the matter will be dropped.

O. M. Waviv, of Deerwood, also spoke on this matter, explaining what a promising industry the fur farm at Deerwood has proven to be. Many visitors have been attracted from all parts of Minnesota as well as from Canada, so well is the farm known.

Dr. J. T. Olson, an expert in fur farming, and interested in the Deerwood farm, spoke on the care and feeding of the animals and offered his services in connection with the Brainerd farm if it were started.

W. R. C. Meeting  
The Women's Relief Corps will hold its regular meeting in the I. O. O. F. hall tomorrow afternoon at 2:30 o'clock. All members are urged to be present.

## PLAN TO HEAR

### DAWES FRIDAY

Many Brainerd, Range, Pequot and Other Citizens to Motor to St. Cloud

### LEAVE RANSFORD AT 5 P. M.

Free Reserved Seats Will be Distributed There by Frank G. Hall

Many people from Brainerd and Crow Wing county are planning to make the pilgrimage to St. Cloud on Friday to hear General Charles G. Dawes, republican nominee for the vice presidency, speak on national issues. It is hoped that a total of well over one hundred will represent this county.

D. D. Schrader announces that he has secured plenty of tickets for this meeting, being reserved seats in the armory in one of the choice sections of the building. These reservations will be given to each person who intends to make the trip.

Frank G. Hall will be in charge of the starting the delegation from this county. Mr. Hall states that all who plan to attend the Dawes meeting are to meet at the Ransford hotel at five o'clock on Friday afternoon. Banners for their cars and tickets of admission to the meeting will be distributed at that time, after which all will make the trip in a long procession.

It is imperative that all meet promptly at the Ransford at five o'clock, as the delegation is to meet the Little Falls boosters shortly after

six o'clock, and the balance of the trip to the granite city will be made together. The Little Falls aggregation will wait for the Brainerd contingent, and if the latter is late in starting it will delay those from the down-river city.

The address will be given in the armory, which will comfortably seat two thousand. A group of loud speaking amplifiers will be connected with the speaker's stand, which will carry his voice for several blocks away from the building. Fourth avenue, from First to Second streets will be kept free from automobiles and used by a big overflow audience.

Overflow Meetings  
To further accommodate the many who will wish to hear the general, the directors of the Unity church have generously offered the church auditorium for those who wish to get inside to hear the address, and the room will be connected with the speaking stand and an amplifier, installed, thus giving all who are seated there an opportunity to hear the speech as well as any who are inside the auditorium. This church is only a few feet from the armory, and seats between four and five hundred people.

Many counties in this section of the state have advised the committee that they will send large delegations. Todd county promises one hundred and fifty people. Morrison, Wadena, Aitkin, Hubbard, Beltrami and Crow Wing counties will be well represented, and applications have been received from Annandale for twenty-five seats. Stearns, Benton, Sherburne, Wright, Meeker and Douglas counties are expected to send thousands, according to news from St. Cloud.

Judge John A. Roeser well known throughout this portion of Minnesota, will preside and introduce General Dawes. St. Cloud is preparing for the greatest political gathering in its history.

## STATE HOTEL INSPECTION DEPARTMENT

CONSIDERABLE publicity has been given to what is purported to be a plan for a general consolidation of the Minnesota state departments.

The Minnesota hotel inspection department is one in which the commercial travelers are vitally interested and have taken a keen interest in the upbuilding thereof, representing as it does proper supervision and inspection of all lodging and eating places, and as a result of which a very high standard of conditions as to sanitation, constant guarding against spread of contagious diseases, through improper handling of food products and germ infected lodgings, together with proper safeguarding as to fire escapes, has in reality meant the saving of many lives and the checking of any spread of disease.

The traveling man coming and going, as he does, at all hours, as he of necessity must, is dependent to a great extent upon this service for his protection, this however does not apply only to the traveling man, but is a great benefit to the general traveling public.

This state department has not only been handled in a very efficient manner but is turning into the state treasury a profit approximating \$20,000 annually. Experiences of the past in other states have shown that the merging of this department with others has a tendency to detract from its efficiency and its identity becomes lost.

Now is the time for every commercial traveler to get in touch with the candidates for the legislature, as well as the candidates for governor, that this department for which the United Commercial Travelers stand sponsor and for which the association has labored so consistently and so hard for many years will receive proper recognition and maintain its integrity.

## PLYMOUTH CARPENTER, AGE 65, A GREAT SHOOTER

For the seventh time in 25 years an Ohio man has won the Grand American Handicap—the so-called blue ribbon event of trapshooting. The latest Ohican to pack away the laurels in the greatest of clay target races is Harry C. Deck, a very unassuming carpenter, of Plymouth, Ohio. At the age of 65 Deck made a score of 97.

As commented on by Peter P. Carney, nationally known sports writer, it isn't often that any one in any line of sports is victorious in an event open to the world at the age of 65. Cast your eye up and down the line of champions in golf, tennis, boxing, swimming, running, rifle shooting and you will notice that the rank and file are extremely young, mainly under 25.

A great fuss was made over the winning of the Olympic marathon race by a man who was 42 years old, yet here is a shooter who steps out at the age of 65 and breaks 97 targets in 100 in a contest with 515 other shooters and finds himself in a tie with three others for the coveted honor.

This didn't bother old Deck. He broke 24 out of his 25 in the shoot off and grabbed off all the glory. Deck weighs about 125 pounds and doesn't tor, out with any sun glasses, shooting jackets, knickers—he just wears his carpenter clothes. And when he finished with his rusty gun, he hiked back to work again on his carpenter job.

Deck is as plain and unassuming as our own Harold Kalland of Brainerd, who regularly wins the all-around championship at Breezy Point. Harold, however, is less than half the age of Deck.

## FARM BUREAU SEEKS MORE MEMBERS

MINNESOTA Farm Bureau Federation directors have set aside the week of October 13 to 18 as Farm Bureau Week in the state. During this week the officials are asking that county farm bureaus arrange for a series of meetings covering every township in the state in both the organized and unorganized sections. County farm bureau officers will explain to those who attend these meetings just what the farm bureau has accomplished, and a portion of the meeting will be devoted to a consideration of plans for the future.

For the membership drive which it will make during farm bureau week, the state federation has adopted as its slogan, "Every Farm a Member of the Farm Bureau."

The Farm Bureau has thrived in Crow Wing county. It has done much development work and should be encouraged in every possible way. It has assisted in establishment of the potato association, egg association, use of marl for fertilizing, etc., pays part of the county agent's expenses, sends representative to dairy show, etc.

The Crow Wing county federation has a membership of from 550 to 600 and at the meeting of directors, called for Friday at the farmers' room in the courthouse, steps will be taken to join in this membership campaign of state-wide proportions and add largely to the list of members in this county. The membership fee is \$5 a year.

## HOW PEDDLER'S ORDINANCE STANDS

JUDGE W. S. McCLENNAN, in commenting on the recent peddlers' ordinance, stated that the ordinance No. 318 was not declared unconstitutional as a whole. The subject involved being only whether the ordinance was valid insofar as it required a license for selling fruits and vegetables.

It was held that to that extent the ordinance was invalid, but no adjudication was made as to the other features of the ordinance and none could properly have been made in that proceeding.

The ordinance now stands as to every article described in it, except fruits and vegetables. The Dispatch was in error yesterday when a statement was made that the judge had declared unconstitutional the entire ordinance.

So many keynote speeches are being delivered that there may be danger of striking the wrong note and producing discord somewhere along the musical staff.

SOME speeches cause a sensation when they are delivered, others do so even when they are not delivered.

## EVERYTHING SET FOR THE IRONTON SPORT CARNIVAL

The various committees appointed to carry on the work of preparing for the big Sports Carnival at Ironton on Saturday, Sept. 27, have reported back to the Commercial Club of that city that they have completed the work assigned to them and all is in readiness for the big event.

The various committees reporting are: Executive—P. J. Mayhew, A. H. Proctor, Oscar Syreen, Art Nelson, D. R. Sandstrom and P. J. Long; Advertising—W. E. Stothoff and D. B. McAlpine; Concessions—R. E. Lundbohm, George Schmelz and Harry Howard; Sports—J. Bogan, Curtis Johnson, Geo. Ridley, H. L. Miller, G. H. Strom, Jack Stratemeyer, and Doc Machon; Finance—H. L. Bratvold, A. H. Proctor and Wm. Seafeld; Decorations—A. H. Edwards, M. Dupey, H. W. Bolder, H. L. Bratvold, Richard Johnson and James Lafabvre; Music—A. H. Edwards, M. Dupey and Richard Johnson; Arrangements—J. H. Minerich, G. P. Ellingson, Carl Rosenberg, C. L. Anderson and Chas. Sullivan.

That it will be one of the big days of fun and recreation goes without saying, for the fellows of Ironton have the reputation of doing things up right when they once decide to do it, and they are bound that this celebration shall not ruin their past reputation. If you want to spend the one big day of your life attend this Sports Carnival at Ironton on Saturday, Sept. 27, and take the whole family with you for the program is so arranged as to please both young and the older ones.

The big parade, headed by three of the best band organizations of the iron range, will start promptly at 10 o'clock. There will be quite a number of fine floats in this parade as well as the fire fighting apparatus of both Ironton and Crosby. The afternoon will be devoted to sports of all kinds, including baseball, football, races, tug-of-war, clowns and free vaudeville. You won't need to take your bank roll with you for this is not a money-making scheme, but just a general good time donated the people of this section by the wide-awake business of Ironton.

There will be dancing all day on the new concrete tennis court in the village park and in the village hall in the evening. A splendid boxing exhibition will also take place in the village hall just before the dance.

It will be one big day so plan to be present and enjoy the day with the crowd. If you wish to enter any of the various contests just see some one of the sports committee and give them your name. Most of the contests are a free-for-all affair. Ironton invites you as her guests next Saturday and if you attend and do not have a good time we'll miss our guess.

"Bringing Up Father in Ireland"

the New Park Monday, Sept. 29

When George McManus announced that this season's title for his inevitable cartoon characters, in the stage presentation, would be "Bringing Up Father in Ireland," theatre managers immediately made application for early dates. George McManus is, as one would suppose, Irish himself. That is, at least his father was. All of the comedy offered by McManus in his weekly cartoons, savor undoubtedly of the Irish wit. Therefore, when "Jiggs and His Consort Maggie" set foot on Irish soil, the fur will be expected to fly. As "Jiggs" himself admits, there's no beauty like the Irish Colleen. While he confidently admits that he undoubtedly picked a "Quince" in the garden of love, the audience will admit that he has more than paid the price for his negligence. "Bringing Up Father in Ireland" will be at the New Park Theatre, Brainerd, for an engagement of one night, Monday, Sept. 29th.

## STATE HOTEL INSPECTION DEPARTMENT

CONSIDERABLE publicity has been given to what is purported to be a plan for a general consolidation of the Minnesota state departments.

The Minnesota hotel inspection department is one in which the commercial travelers are vitally interested and have taken a keen interest in the upbuilding thereof, representing as it does proper supervision and inspection of all lodging and eating places, and as a result of which a very high standard of conditions as to sanitation, constant guarding against spread of contagious diseases, through improper handling of food products and germ infected lodgings, together with proper safeguarding as to fire escapes, has in reality meant the saving of many lives and the checking of any spread of disease.

The traveling man coming and going, as he does, at all hours, as he of necessity must, is dependent to a great extent upon this service for his protection, this however does not apply only to the traveling man, but is a great benefit to the general traveling public.

This state department has not only been handled in a very efficient manner but is turning into the state treasury a profit approximating \$20,000 annually. Experiences of the past in other states have shown that the merging of this department with others has a tendency to detract from its efficiency and its identity becomes lost.

Now is the time for every commercial traveler to get in touch with the candidates for the legislature, as well as the candidates for governor, that this department for which the United Commercial Travelers stand sponsor and for which the association has labored so consistently and so hard for many years will receive proper recognition and maintain its integrity.

## PLYMOUTH CARPENTER, AGE 65, A GREAT SHOOTER

For the seventh time in 25 years an Ohio man has won the Grand American Handicap—the so-called blue ribbon event of trapshooting. The latest Ohioan to pack away the laurels in the greatest of clay target races is Harry C. Deck, a very unassuming carpenter, of Plymouth, Ohio. At the age of 65 Deck made a score of 97.

As commented on by Peter P. Carney, nationally known sports writer, it isn't often that any one in any line of sports is victorious in an event open to the world at the age of 65. Cast your eye up and down the line of champions in golf, tennis, boxing, swimming, running, rifle shooting and you will notice that the rank and file are extremely young, mainly under 25.

A great fuss was made over the winning of the Olympic marathon race by a man who was 42 years old, yet here is a shooter who steps out at the age of 65 and breaks 97 targets in 100 in a contest with 515 other shooters and finds himself in a tie with three others for the coveted honor.

This didn't bother old Deck. He broke 24 out of his 25 in the shoot off and grabbed all the glory. Deck weighs about 125 pounds and doesn't tor, out with any sun glasses, shooting jackets, knickers—the just wears his carpenter clothes. And when he finished with his rusty gun, he hiked back to work again on his carpenter job.

Deck is as plain and unassuming as our own Harold Kalland of Brainerd, who regularly wins the all-around championship at Breezy Point. Harold, however, is less than half the age of Deck.

## FARM BUREAU SEEKS MORE MEMBERS

MINNESOTA Farm Bureau Federation directors have set aside the week of October 13 to 18 as Farm Bureau Week in the state. During this week the officials are asking that county farm bureaus arrange for a series of meetings covering every township in the state in both the organized and unorganized sections. County farm bureau officers will explain to those who attend these meetings just what the farm bureau has accomplished, and a portion of the meeting will be devoted to a consideration of plans for the future.

For the membership drive which it will make during farm bureau week, the state federation has adopted as its slogan, "Every Farm a Member of the Farm Bureau."

The Crow Wing county federation has a membership of from 550 to 600 and at the meeting of directors, called for Friday at the farmers' room in the courthouse, steps will be taken to join in this membership campaign of state-wide proportions and add largely to the list of members in this county. The membership fee is \$5 a year.

## SPORT CARNIVAL

The various committees appointed to carry on the work of preparing for the big Sports Carnival at Iron-ton on Saturday, Sept. 27, have reported back to the Commercial Club of that city that they have completed the work assigned to them and all is in readiness for the big event.

The various committees reporting are: Executive—P. J. Mayheu, A. H. Proctor, Oscar Syreen, Art Nelson, D. R. Sandstrom and P. J. Long; Advertising—W. E. Stothoff and D. B. McAlpine; Concessions—R. E. Lundbohm, George Schmelz and Harry Howard; Sports—J. Bogan, Curtis Johnson, Geo. Ridley, H. L. Miller, G. H. Strom, Jack Stratemeyer, and Doc Machon; Finance—H. L. Bratvold, A. H. Proctor and Wm. Seafeld; Decorations—A. H. Edwards, M. Dupey, H. W. Bolder, H. L. Bratvold, Richard Johnson and James Lafabvre; Music—A. H. Edwards, M. Dupey and Richard Johnson; Arrangements—J. H. Minerich, G. P. Ellingson, Carl Rosberg, C. L. Anderson and Chas. Sullivan.

That it will be one of the big days of fun and recreation goes without saying, for the fellows of Iron-ton have the reputation of doing things up tight when they once decide to do it, and they are bound that this celebration shall not ruin their past reputation. If you want to spend the one big day of your life attend this Sports Carnival at Iron-ton on Saturday, Sept. 27, and take the whole family with you for the program is so arranged as to please both young and the older ones.

The big parade, headed by three of the best band organizations of the iron range, will start promptly at 10 o'clock. There will be quite a number of fine floats in this parade as well as the fire fighting apparatus of both Iron-ton and Crosby. The afternoon will be devoted to sports of all kinds, including baseball, football, races, tug-of-war, clowns and free vaudeville. You won't need to take your bank roll with you for this is not a money-making scheme, but just a general good time donated the people of this section by the wide-awake business of Iron-ton.

There will be dancing all day on the new concrete tennis court in the village park and in the village hall in the evening. A splendid boxing exhibition will also take place in the village hall just before the dance.

It will be one big day so plan to be present and enjoy the day with the crowd. If you wish to enter any of the various contests just see some one of the sports committee and give them your name. Most of the contests are a free-for-all affair. Iron-ton invites you as her guests next Saturday and if you attend and do not have a good time we'll miss our guess.

## "Bringing Up Father in Ireland" the New Park Monday, Sept. 29

When George McManus announced that this season's title for his inevitable cartoon characters, in the stage presentation, would be "Bringing Up Father in Ireland," theatre managers immediately made application for early dates. George McManus is, as one would suppose, Irish himself. That is, at least his father was. All of the comedy offered by McManus in his weekly cartoons, savor undoubtedly of the Irish wit. Therefore, when "Jiggs and His Consort Maggie" set foot on Irish soil, the fur will be expected to fly. As "Jiggs" himself admits, there's no beauty like the Irish Colleen. While he confidently admits that he undoubtedly picked a "Quince" in the garden of love, the audience will admit that he has more than paid the price for his negligence. "Bringing Up Father in Ireland" will be at the New Park Theatre, Brainerd, for an engagement of one night, Monday, Sept. 29th.

**All Star Cast in Film Version of Famous Drama**

The combination of Adolphe Menjou, Anna Q. Nilsson, Carmel Myers and Willard Louis as part of the all-star cast in the coming "Broadway After Dark," is a guarantee of the good film fare in store for local followers of the silver screen. The turned into day, and where people live riotously in the effort to jazz up their sensations to the same pitch as the incandescent lights. At the New Park tonight and Friday, the four above-mentioned are headliners, their names having scintillated in electric lights from every important theatre front in the country.

In addition to the cast, interest is added by the fact that the picture is an adaptation of the famed Owen Davis melodrama, which long enjoyed uninterrupted vogue on Broadway. It is set in that febrile atmosphere of the white lights, where night is

**Big Ranch in Movies at Lyceum**

California's biggest cattle ranch will be picturesquely shown in "Four Hearts," starring Dick Hutton, which comes to the Lyceum Theatre for two days beginning Friday.

The scenes for this production were made on Mahlon Vail's ranch near Tempe, comprising 45,000 acres of land, with a grazing herd of over 5,000 cattle. This is reputed to be the best equipped ranch in California, and is but a parcel of the land owned by the five Vail brothers and two Vail sisters. Their entire ranch holdings exceed a million acres. It is against this background that "Four Hearts" is made.

**Colleen Moore and Kenneth Harlan in "April Showers" at Lyceum**

A most carefully selected cast of Irish players contribute to making "April Showers," now showing at the Lyceum, one of the very best pictures of Irish folk ever secured by a

local exhibitor.

Director Tom Forman can trace his own antecedents to folk in Old Erin. For the brown-eyed Colleen of the picture he chose Colleen Moore of course, and Kenneth Harlan, who plays one of the leading roles has a decided liking for the wearers of the green. Myrtle Vane and Ruth Clifford may also wear shamrocks. Johnny Buff, former world light and fly-weight champion of the ring, also claims Irish descent. Of course, these Irish players enter into the spirit of the picture as actors of no other nationality could possibly do.

**TUBERCULOSIS CLINIC STAMPS OUT DISEASE**

Sioux Falls, S. D., Sept. 25.—"The tuberculosis clinic as a means of fighting tuberculosis is fast becoming equal in importance if not more important than any other one measure." This is a statement made out by Dr. Robinson Bosworth, St. Paul executive secretary of the Minnesota State Sanatorium Conference on Tuberculosis here. "The clinic offers an enormous opportunity for propaganda work on the prevention of tuberculosis as well as its cure, and offers the best method of checking up of former sanatorium patients, as well as discovering unsuspected early cases. The possibilities are endless and Minnesota is looking forward to the day when our efforts against tuberculosis will expand to the extent that every tuberculosis patient in every community will be under supervision. When we appreciate the small percentage of tuberculosis cases that are in the sanatorium as against those outside, the task is no small one, and Minnesota's institutions are filled constantly."

The fact that clinics in counties having sanatoria are held under the direction of the Commission as a regular part of the sanatorium work,

while the other counties in the state have similar clinics, paid for out of Christmas Seal funds, was stated by Dr. Bosworth. Through the co-operation of the Minnesota Public Health Association, which encourages its county associations to use Christmas Seal funds for this purpose, and the State Advisory Commission effort is made to hold a series of clinics in every county in the state at least once a year, and many of them have them much more frequently, Dr. Bosworth declared.

Minnesota has a large representation at the conference, including Dr. Longstreet Taylor, president of the Minnesota Public Health Association, Dr. E. A. Meyerding, the executive secretary of St. Paul, and many sanatorium physicians, nurses, and other public health and tuberculosis workers from all parts of the state.

## A Romance of the Spanish Main CAPTAIN BLOOD By RAFAEL SABATINI

Copyrighted, 1922, by Rafael Sabatini.

"CAPTAIN BLOOD," a Vitaphone picture with J. Warren Kerrigan in the title role, is an adaptation of this thrilling novel.

### SYNOPSIS.

Captain Peter Blood is the terror of the Spaniards who sail the Spanish Main. He loves Arabella Bishop, niece of the governor of Barbadoes, who is aboard the Royal Mary which bears Lord Julian Wade to the West Indies to make peace with piracy. Lord Wade tells Arabella of Blood's reputation and that he is about to wed Madelon d'Ogerson, daughter of the Dutch governor of Tortuga. The Spanish ship, Milagrosa, sinks the Royal Mary and Arabella and Wade are taken prisoners.

### CHAPTER XVI—Continued

"I am Don Miguel de Espinosa," he answered. "Admiral of the navies of the Catholic King."

"Will you tell me, then, why you behave like a damned pirate?" Lord Julian asked. "It will cost you dear!"

"All things are possible. Mean time it is your own lives that will cost you dear. Colonel Bishop is a rich man; and you, milord, are no doubt also rich. I will consider and fix your ransom."

"And you have the impudence to call yourself the Admiral of the navies of the Catholic King!" stormed his lordship.

"It is that I treat you English heretic dogs just as you English heretic dogs have treated Spaniards upon the seas, you robbers and thieves out of hell! I have the honesty to do it in my own name, but you, you perfidious beasts, you send your Captain Bloods, your Hagthornes and your Morgans against us and disclaim responsibility for what they do."

"Captain Blood and the rest are not admirals of England!" cried Lord Julian.

"Are they not? How do I know? How does Spain know? Are you not liars all, you English heretics?"

"Sir!" Lord Julian's voice was harsh as a rasp, his eyes flashed. Instinctively he swung a hand to the place where his sword habitually hung. Then he shrugged and sneered: "Of course," said he, "it sorts with all that I have heard of Spanish honor and all that I have seen of yours that you should insult a man who is unarmed and your prisoner."

The admiral's face flamed scarlet. He half raised his hand to strike. And then, restrained, perhaps, by the very words that had cloaked the retorting insult, he turned on his heel abruptly, and went out without answering.

The Milagrosa, with her consort, the Hidalgo, rolling after her, steered a south by westerly course, then veered to the southeast, round Cape Tiburon, and thereafter, standing well out to sea, with the land no more than a cloudy outline to larboard, she headed directly east, and so ran straight into the arms of Captain Blood, who was making for the Windward Passage. That happened early on the following morning. After having systematically hunted his enemy in vain for a year, Don Miguel chanced upon him in this unexpected and entirely fortuitous fashion. It was also the way of Fortune that Don Miguel should thus come upon the Arabella at a time when, separated from the rest of the fleet, she was alone and at a disadvantage. It looked to Don Miguel as if the luck which so long had been on Blood's side had at last veered in his own favor.

Miss Bishop, newly risen, had come out to take the air on the quarterdeck, with his lordship in attendance, when she beheld the big red ship that had once been the Cinco Lagas out of Cadiz. The sight thrilled her curiously; it awoke in her an uplifting sense of pride that took no account of danger to herself in the encounter that must now be inevitable.

Beside her on the poop stood Lord Julian. But he shared none of her exultation. He had been in his first sea fight yesterday, and he felt that the experience would suffice him for a very considerable time.

"Look," said Miss Bishop, pointing. Did she realize, he wondered, what was afoot. Her next sentence resolved his doubt. "She is English, and she comes resolutely on. She means to fight."

"God help her, then," said his lordship gloomily. "Her captain must be mad. If they could so easily blow the Royal Mary out of the water, what will they do to this vessel? Look at that devil Don Miguel. He's utterly disgusting in his glee."

Of necessity now, under diminished sail, the advance of the Arabella was slower; but it was none the less steady. She was already within shaker shot, and they could make out

the figures stirring on her forecastle and the brass guns gleaming on her prow. The gunners of the Milagrosa raised their linestocks and blew upon their smoldering matches, looking up impatiently at the admiral. But the admiral solemnly shook his head.

"Stab me!" said his lordship. "This Englishman may be gallant enough to accept battle against such odds. But there are times when discretion is a better quality than gallantry in a commander. Presently you will suffer me to place you under cover."

"I can see best from here," she answered him. And added quietly: "I am praying for this Englishman. He must be very brave."

The Arabella was advancing, now, along a course which, if continued, must carry her straight between the two Spanish ships.

But even at that moment the admiral raised his hand; in the waist, below him, a trumpet blared, and immediately the gunner on the provouched off his guns. As the thunder of them rolled out, his lordship saw, ahead, beyond the English ship and o larboard of her, two heavy plashes. Almost at once two successive spurts of flame leapt from the brass cannon on the Arabella's peakhead, and scarcely had the vatchers on the poop seen the shower of spray where one of the shots struck the water near them than, with a rending crash and a shiver that shook the Milagrosa from stem to stern, the other came to lodge in her forecattle. To avenge that blow, he Hidalgo blazed at the Englishman with both her forward guns. But even at that short range (between two and three hundred yards) neither shot took effect.

At a hundred yards the Arabella's forward guns, which had meanwhile been reloaded, fired again at the Milagrosa, and this time smashed her bowsprit into splinters, so that for a moment she yawed wildly to port. Don Miguel swore profanely, and then, as the helm was put over to swing her back to her course, his own prow replied. But the aim was too high, and, whilst one of the shots tore through the Arabella's shrouds and scarred her mainmast, the other again went wide. And when the smoke of that discharge had lifted the English ship was found almost between the Spaniards, her bows in line with theirs and coming steadily on. At last the Arabella was right between the Spanish ships, grow to poop and poop to prow. Don Miguel spoke to the trumpeter, who had mounted the quarterdeck and stood now at the admiral's elbow. The man raised the silver bugle that was to give the signal for the broadsides of both ships. But even as he placed it to his lips, the admiral seized his arm to arrest him. Only then

They now put in shampoo

By Edna Wallace Hopper

I have searched the world to get the utmost in aids to women's beauty. I have spent decades and fortunes in that search. Most great scientists in this line have given me their formulas.

But not so with the makers of a certain shampoo. They never have told me their secrets. They gave me a shampoo which gives my hair the glint that millions envy, but they never told me how they got it. They say that one ingredient is a priceless secret, and they tell no one what it is.

But I have induced them to make for you the shampoo they make for me. It is called Edna Wallace Hopper's Fruity Shampoo. Most druggists and toilet counters now supply it at 60 cents per bottle.

Every dealer offers it under my guarantee. If you think that any shampoo in the world can compare with it, your dealer will return your money.

I urge you to try it. This shampoo has made ridiculous to me every other sort of hair wash. It will to you. Please go, for your own sake, and learn how much it means.

Write me for my Beauty Book and I'll send with it something else to please you. Edna Wallace Hopper, 536 Lake Shore Drive, Chicago.

had he perceived what was so obvious—or should have been to an experienced sea fighter; he had delayed too long and Captain Blood had outmaneuvered him. In attempting to fire now upon the Englishman, the Milagrosa and her consort would also be firing into each other. Too late he ordered his helmsman to put the tiller hard over and swing the ship to larboard, as a preliminary to maneuvering for a less impossible position of attack. At that very moment the Arabella seemed to explode as she swept by. Eighteen guns from each of her flanks emptied themselves at that point-black range into the hulls of the two Spanish vessels.

The Milagrosa staggered slowly ahead. Don Miguel was bawling orders wildly, and peering ever and anon through the curtain of smoke that was drifting slowly astern, in his anxiety to ascertain how it might have fared with the Hidalgo. Suddenly, and ghostly at first, through that lifting haze, loomed the outline of a ship; gradually the lines of her red hull became more and more sharply defined as she swept nearer with poles all bare save for the spread of canvas on her spirt.

## 5 Operations—15 years suffering with constipation—Kellogg's Bran restores health

Mr. Lancing's case is typical of thousands of others. He found permanent relief from constipation in Kellogg's Bran because it is ALL bran. Nothing but ALL bran can be 100 per cent effective. Read what he says:

Dear Sir:

I have been afflicted with constipation for the past 15 years, and during that time I have been in four different hospitals and submitted to five different operations that were the result of constipation. I was getting so bad that every meal I ate soured on my stomach. Two months ago I was advised to eat your Kellogg's Krumble Bran. I tried it, as I was trying everything I could hear of. From that day on I have never taken a physic. My stomach does not sour any more and my bowels

move regularly morning and evening. Yours sincerely, Frank Lancing, 1306 Jefries Ave., Marion, Ind.

For permanent relief, eat Kellogg's Bran regularly. Two tablespoonfuls daily—in chronic cases, with every meal. It is guaranteed to bring results, or your grocer will return your money.

You will like the delicious nut-like flavor of Kellogg's Bran—so different from ordinary brans, which are unpalatable. Eat Kellogg's Bran with milk or cream. Sprinkle it over other cereals. Cook it with hot cereals. Try it in the recipes given on the package.

Kellogg's Bran, cooked and krumbled, is served by leading hotels and clubs in individual packages. Made in Battle Creek. Sold by all grocers.

"CAPTAIN BLOOD," a Vitaphone picture with J. Warren Kerrigan in the title role, is an adaptation of this thrilling novel.

## SYNOPSIS.

Captain Peter Blood is the terror of the Spaniards who sail the Spanish Main. He loves Arabella Bishop, niece of the governor of Barbados, who is aboard the Royal Mary which bears Lord Julian Wade to the West Indies to make peace with piracy. Lord Wade tells Arabella of Blood's reputation and that he is about to wed Madelon d'Ogeron, daughter of the Dutch governor of Tortuga. The Spanish ship, Milagrosa, sinks the Royal Mary and Arabella and Wade are taken prisoners.

## CHAPTER XVI—Continued

"I am Don Miguel de Espinosa," he answered. "Admiral of the navies of the Catholic King."

"Will you tell me, then, why you behave like a damned pirate?" Lord Julian asked. "It will cost you dear!"

"All things are possible. Meantime it is your own lives that will cost you dear. Colonel Bishop is a rich man; and you, milord, are no doubt also rich. I will consider and fix your ransom."

"And you have the impudence to call yourself the Admiral of the navies of the Catholic King!" stormed his lordship.

"It is that I treat you English heretic dogs just as you English heretic dogs have treated Spaniards, upon the seas, you robbers and thieves out of hell! I have the honesty to do it in my own name, but you, you perfidious beasts, you send your Captain Bloods, your Hagthornes and your Morgans against us and disclaim responsibility for what they do."

"Captain Blood and the rest are not admirals of England!" cried Lord Julian.

"Are they not? How do I know? How does Spain know? Are you not liars all, you English heretics?"

"Sir!" Lord Julian's voice was harsh as a rasp, his eyes flashed. Instinctively he swung a hand to the place where his sword habitually hung. Then he shrugged and sneered: "Of course," said he, "it sorts with all that I have heard of Spanish honor and all that I have seen of yours that you should insult a man who is unarmed and your prisoner."

The admiral's face flamed scarlet. He half raised his hand to strike. And then, restrained, perhaps, by the very words that had cloaked the retorting insult, he turned on his heel abruptly, and went out without answering.

The Milagrosa, with her consort, the Hidalgo, rolling after her, steered a south by westerly course, then veered to the southeast, round Cape Tiburon, and thereafter, standing well out to sea, with the land no more than a cloudy outline to larboard, she headed directly east, and so ran straight into the arms of Captain Blood, who was making for the Windward Passage. That happened early on the following morning. After having systematically hunted his enemy in vain for a year, Don Miguel chanced upon him in this unexpected and entirely fortuitous fashion. It was also the way of Fortune that Don Miguel should thus come upon the Arabella at a time when, separated from the rest of the fleet, she was alone and at a disadvantage. It looked to Don Miguel as if the luck which so long had been on Blood's side had at last veered in his own favor.

## TARVIA PAVING NEARS COMPLETION

S. R. Riches Has Contract For Paving South Broadway From Laurel to Oak Street

### PAVING NEW TO BRAINERD

South Broadway Was Originally Paved with Macadam, Base Remaining Intact

The tarvia paving, which is being laid on South Broadway between Laurel and Oak streets is rapidly nearing completion, and will be finished by the end of this week, if present plans can be carried out, according to S. R. Riches, who has the contract for this work. The paving would have been ready for traffic by this time had the contractor been able to obtain his crushed rock when he was prepared to use it.

This type of paving is new to Brainerd, and the method of preparing it will be of interest to local citizens. Mr. Riches has therefore given the following information on the process that he is using.

South Broadway is a repaving job. It was paved with macadam many years ago, and while the surface of this old paving was worn through and badly broken up, its base was still intact. Mr. Riches scarified several inches of the macadam, but did not molest the base. After scarifying the surface, it was reshaped and rolled with a ten-ton steam roller.

The first step in the new paving process was to lay on from one and one-half to two and one-half inches of crushed rock, which was then carefully rolled and re-rolled to pack it well. Over this crushed rock was spread the tarvia compound, one and one-half gallons being put on to the square yard.

The tarvia is heated at the manufacturing plant, and arrived in railroad tank cars still very hot. It is loaded in an automobile tank truck which spreads it over the street under pressure, very much as a street sprinkler operates. The tarvia is put on the street at a temperature of 250 degrees, and hardens as it cools after the application.

A second coating of crushed rock is then spread from a quarter to an inch and a quarter in thickness and the street is again rolled repeatedly with the heavy steam roller.

The final coat of tarvia is then applied, using about eight-tenths of a gallon to the square yard. Upon this as a base pea gravel is spread and rolled in, at which time the paving is ready for traffic. Later this fall, if weather permits, or next spring, the paving will be treated with what is called a "seal coat" of thinner tarvia and this covered with another application of pea gravel, and the paving is completed.

Because this is the first tarvia paving in the city, and in fact in this territory, the Barrett Company, manufacturers of the preparation, is exceptionally anxious to see that the work is done exactly as the company recommends for best results, and for this purpose an expert from the factory, M. Casswell, is supervising the paving.

Mr. Riches has every confidence in tarvia paving and feels that it will give the city of Brainerd absolute satisfaction in every particular. He states that it is his belief that it will withstand all of the traffic to which it may be subjected, and outwear other kinds of paving that had

been considered before tarvia was finally decided upon.

Local citizens are invited to visit the scene of operations, and watch the work as it nears completion. Mr. Riches will gladly explain the process and can testify to the satisfaction that tarvia is giving in other sections throughout the East and Northwest.

## SILO IS LIFE SAVER IN COUNTY

With Late Corn Crop in County, It Can Be Used For Feeding Cattle

### ENSILE THE FROSTED CORN

Report on Subject Just Issued by the Blue Valley Creamery Institute

The silo is a life saver for corn farmers in Crow Wing county this year, according to a report just issued by the Blue Valley Creamery Institute.

"With late corn almost certain to be caught by frost while still unripe, use of the silo offers a means of saving the farmer huge sums of money in feeding values. It is highly important to save the maximum from the present crop, as official reports declare the corn condition in this state is only .61 per cent, while the total yield will not run over 118,900,000 bushels as compared with 154,692,000 in 1923. The five year average for the state was 128,469,000 bushels.

"The probability of an unusually large amount of frosted corn in at least the northern half of the corn belt is indicated in a recent report of the U. S. Department of Agriculture, which states that an early frost will play havoc with the corn crop.

"It is better to ensile the frosted corn than to put it to any other use," the report continues. "Soft frosted corn is an inferior feed. In late seasons it is best to let corn stand until after the frost than ensile it too green, for a satisfactory silage can be secured from frosted corn and the crop may mature to a considerable extent before a severe frost comes. If the crop is killed by frost, it should either be ensiled quickly or shocked tightly to preserve it from the weather. If shocked properly, it will keep in good condition until after the first of the year and can be used to refill the silo after it is emptied the first or second time.

"One of the newest and most successful methods of siloing is to snap the ears and ensile them alone, with husks. This makes a concentrated feed and permits a small silo capacity to care for a large acreage of frosted corn. In either case, it is advisable always to add water, if necessary, to bring up the moisture content to 60 or 75 per cent to make good silage," according to the Creamery Institute.

The Clara Lutheran Church The Home and Foreign Missionary society will be entertained this evening at 7:45 o'clock in the church parlors by Mrs. John Nelson. All the Sunday school teachers are requested to be present.

### DIED THURSDAY MORNING

Survived by Eight Children Who Were at His Bedside in His Last Illness

Peter T. Anderson, 901 Fifth avenue, Northeast, a resident of the city for the past thirty years and well known in lumbering circles, passed away at 6:30 o'clock Thursday morning at a local hospital. Death followed an illness of five weeks, caused from gallstones and complications.

Mr. Anderson was born on August 14th, 1860 at Trolle Ljunby, Skane, Sweden. He came to the United States on December 28th, 1882, first settling at Red Wing, Minnesota. He was married here on November 20th, 1887 to Miss Carrie Olson.

The family moved to Brainerd on April 3rd, 1895 and have resided in the city ever since. Nine children were born to this union, all of them surviving except the baby, Doris, who passed away several years ago at the age of six months. The five sons and three daughters living are Oscar M., of Green Cove Springs, Florida; Arthur T., Albert O., Carl W., and Ben N., all of Brainerd, Mrs. Ira L. Tomlinson and Mrs. Walter G. Peterson, of this city and Mrs. Fred Richter of Crosby. All of the children, with the exception of Oscar, were at their father's bedside during his last illness.

In addition to his children, Mr.

Anderson is survived by three brothers, T. T. Anderson of Hallock and Al. Truedson and Olaf Anderson, of Gualof, Skane, Sweden; also two sisters, Mrs. Carrie Hallquist, of Rush City and Mary Anderson of Skane, Sweden. His wife passed away on April 11th, 1922.

Mr. Anderson was a citizen of many fine qualities, with many friends who will greatly regret to learn of his passing. He was a devoted member of the Swedish Bethany church, serving as trustee and treasurer for upward of fifteen years, and just resigning from the trusteeship two years ago. He was a deacon of the church for many years, also.

The funeral will be held on Saturday afternoon at 2:30 o'clock from the Swedish Bethany church, Rev. P. G. Fallquist officiating, and interment made in Evergreen cemetery. Friends may view the remains at the church from noon until the hour of the funeral.

## TARVIA PAVING NEARS COMPLETION

S. R. Riches Has Contract For Paving South Broadway From Laurel to Oak Street

### PAVING NEW TO BRAINERD

South Broadway Was Originally Paved with Macadam, Base Remaining Intact

The tarvia paving, which is being laid on South Broadway between Laurel and Oak streets is rapidly nearing completion, and will be finished by the end of this week, if present plans can be carried out, according to S. R. Riches, who has the contract for this work. The paving would have been ready for traffic by this time had the contractor been able to obtain his crushed rock when he was prepared to use it.

This type of paving is new to Brainerd, and the method of preparing it will be of interest to local citizens. Mr. Riches has therefore given the following information on the process that he is using.

South Broadway is a repaving job. It was paved with macadam many years ago, and while the surface of this old paving was worn through and badly broken up, its base was still intact. Mr. Riches scarified several inches of the macadam, but did not molest the base. After scarifying the surface, it was reshaped and rolled with a ten-ton steam roller.

The first step in the new paving process was to lay on from one and one-half to two and one-half inches of crushed rock, which was then carefully rolled and re-rolled to pack it well. Over this crushed rock was spread the tarvia compound, one and one-half gallons being put on to the square yard.

The tarvia is heated at the manufacturing plant, and arrived in railroad tank cars still very hot. It is loaded in an automobile tank truck which spreads it over the street under pressure, very much as a street sprinkler operates. The tarvia is put on the street at a temperature of 250 degrees, and hardens as it cools after the application.

A second coating of crushed rock is then spread from a quarter to an inch and a quarter in thickness and the street is again rolled repeatedly with the heavy steam roller.

The final coat of tarvia is then applied, using about eight-tenths of a gallon to the square yard. Upon this as a base pea gravel is spread and rolled in, at which time the paving is ready for traffic. Later this fall, if weather permits, or next spring, the paving will be treated with what is called a "seal coat" of thinner tarvia and this covered with another application of pea gravel, and the paving is completed.

Because this is the first tarvia paving in the city, and in fact in this territory, the Barrett Company, manufacturers of the preparation, is exceptionally anxious to see that the work is done exactly as the company recommends for best results, and for this purpose an expert from the factory, M. Cassweller, is supervising the paving.

Mr. Riches has every confidence in tarvia paving and feels that it will give the city of Brainerd absolute satisfaction in every particular. He states that it is his belief that it will withstand all of the traffic to which it may be subjected, and outwear other kinds of paving that had

been considered before tarvia was finally decided upon.

Local citizens are invited to visit the scene of operations, and watch the work as it nears completion. Mr. Riches will gladly explain the process and can testify to the satisfaction that tarvia is giving in other sections throughout the East and Northwest.

## SILO IS LIFE SAVER IN COUNTY

With Late Corn Crop in County, It Can be Used For Feeding Cattle

### ENSILE THE FROSTED CORN

Report on Subject Just Issued by the Blue Valley Creamery Institute

The silo is a life saver for corn farmers in Crow Wing county this year, according to a report just issued by the Blue Valley Creamery Institute.

"With late corn almost certain to be caught by frost while still unripe, use of the silo offers a means of saving the farmer huge sums of money in feeding values. It is highly important to save the maximum from the present crop, as official reports declare the corn condition in this state is only .61 per cent, while the total yield will not run over 118,900,000 bushels as compared with 154,692,000 in 1923. The five year average for the state was 128,469,900 bushels.

"The probability of an unusually large amount of frosted corn in at least the northern half of the corn belt is indicated in a recent report of the U. S. Department of Agriculture, which states that an early frost will play havoc with the corn crop.

"It is better to ensile the frosted corn than to put it to any other use," the report continues. "Soft frosted corn is an inferior feed. In late seasons it is best to let corn stand until after the frost than ensile it too green, for a satisfactory silage can be secured from frosted corn and the crop may mature to a considerable extent before a severe frost comes. If the crop is killed by frost, it should either be ensiled quickly or shocked tightly to preserve it from the weather. If shocked properly, it will keep in good condition until after the first of the year and can be used to refill the silo after it is emptied the first or second time.

"One of the newest and most successful methods of siloing is to snap the ears and ensile them alone, with husks. This makes a concentrated feed and permits a small silo capacity to care for a large acreage of frosted corn. In either case, it is advisable always to add water, if necessary, to bring up the moisture content to 60 or 75 per cent to make good silage," according to the Creamery Institute.

The Clara Lutheran Church The Home and Foreign Missionary society will be entertained this evening at 7:45 o'clock in the church parlors by Mrs. John Nelson. All the Sunday school teachers are requested to be present.

## U. S. ATHLETES SWEEP ALL BEFORE THEM

By HENRY L. FARRELL  
(United Press Sports Editor)

New York, Sept. 25.—That puffed chest and smile-wrinkled face your Uncle Sam is wearing at the shank of the summer sport season is not an indication that he is getting childish in his old age.

The old fellow has every reason to swell up and be proud of what his boys and girls accomplished in the international sport matches that crowded the 1924 program. Against strong international competition, Americans came out first in:

ATHLETICS  
POLO  
GOLF  
TENNIS  
ROWING  
SWIMMING  
BOXING  
RUGBY FOOTBALL

Against victories in eight lines of major sport, the United States had to admit defeat only in women's team tennis, skating, fencing and soccer football.

Quite a record! So good a record that no nation ever could beat it! Most impressive, of course, was the sweep made by the American team in all the important classes of the Olympic games in Paris—track and field athletics, rowing, swimming, boxing, tennis and rugby football.

There were glorious victories scored on all kinds of fields but the outstanding event of the year, perhaps, was the triumph of the American rugby team in the Paris Olympic matches.

No band of Americans went against such heavy, natural handicaps in the way of experience, and no team ever went through such malicious antagonism from all sides to score one of the most brilliant and convincing victories of the year.

The American Olympic team finished first in the Paris track and field games with a better score than was made in winning the Antwerp games of 1920. The Americans made a higher point score and won more events against opposition that was expected to give them the greatest fight of their lives.

## Gopher Cross Country Men at Madison Oct. 25

Madison, Wis., Sept. 25.—Wisconsin's cross-country runners started active training on Monday. Capt. Piper, Perry, Swingle and Bergstrom of last year's squad are the mainstays this year, while Petaja and Kubly, sophomores, should make the grade on the varsity.

A glassy schedule has been arranged as follows: Oct. 11, Marquette at Madison; Oct. 18, Minnesota at Madison; Oct. 25, Michigan at Ann Arbor; Nov. 8, Chicago at Madison; Nov. 22, conference meet at Ann Arbor.

## BALL LEADERS CAN WIN FLAGS BY 3 VICTORIES

New York, Sept. 25.—The Giants and Senators, by winning yesterday, need only to take three of the four games each has to play in order to clinch the pennants in their respective leagues, even if the Robins, Pirates and Yankees win their remaining games.

New York maintained its one-game lead over the Robins and showed Pittsburgh to three and one-half contests behind first place by driving Yde from the box in beating the Pirates yesterday, 4 to 2. Pittsburgh now must win its six games to play, while the Giants are losing two of their four, to take the flag. Brooklyn, by winning its two with Boston, to 3, while the Yankees defeated could tie the leaders, if they lost

two of four, but cannot win unless McGraw's team loses three of their four. The Robins won from Chicago yesterday.

Washington maintained its two-game lead by defeating Chicago, 6 Cleveland, 2 to 0 yesterday. The champions can now win the pennant only by taking their four games while Washington loses three of four. The Senators can tie by winning two.

## U. S. ATHLETES SWEEP ALL BEFORE THEM

By HENRY L. FARRELL  
(United Press Sports Editor)

New York, Sept. 25.—That puffed chest and smile-wrinkled face your Uncle Sam is wearing at the shank of the summer sport season is not an indication that he is getting childish in his old age.

The old fellow has every reason to swell up and be proud of what his boys and girls accomplished in the international sport matches that crowded the 1924 program. Against strong international competition, Americans came out first in:

ATHLETICS  
POLO  
GOLF  
TENNIS  
ROWING  
SWIMMING  
BOXING  
RUGBY FOOTBALL

Against victories in eight lines of major sport, the United States had to admit defeat only in women's team tennis, skating, fencing and soccer football.

Quite a record! So good a record that no nation ever could beat it! Most impressive, of course, was the sweep made by the American team in all the important classes of the Olympic games in Paris—track and field athletics, rowing, swimming, boxing, tennis and rugby football.

There were glorious victories scored on all kinds of fields but the outstanding event of the year, perhaps, was the triumph of the American rugby team in the Paris Olympic matches.

No band of Americans went against such heavy, natural handicaps in the way of experience, and no team ever went through such malicious antagonism from all sides to score one of the most brilliant and convincing victories of the year.

The American Olympic team finished first in the Paris track and field games with a better score than was made in winning the Antwerp games of 1920. The Americans made a higher point score and won more events against opposition that was expected to give them the greatest fight of their lives.

## Gopher Cross Country Men at Madison Oct. 25

Madison, Wis., Sept. 25.—Wisconsin's cross-country runners started active training on Monday. Capt. Piper, Perry, Swingle and Bergstreser of last year's squad are the mainstays this year, while Petaja and Kubly, sophomores, should make the grade on the varsity.

A classy schedule has been arranged as follows: Oct. 11, Marquette at Madison; Oct. 18, Minnesota at Madison; Oct. 25, Michigan at Ann Arbor; Nov. 8, Chicago at Madison; Nov. 22, conference meet at Ann Arbor.

## BALL LEADERS CAN WIN FLAGS BY 3 VICTORIES

New York, Sept. 25.—The Giants and Senators, by winning yesterday, need only to take three of the four games each has to play in order to clinch the pennants in their respective leagues, even if the Robins, Pirates and Yankees win their remaining games.

New York maintained its one-game lead over the Robins and shoved Pittsburgh to three and one-half contests behind first place by driving Yde from the box in beating the Pirates yesterday, 4 to 2. Pittsburgh now must win its six games to play, while the Giants are losing two of their four, to take the flag. Brooklyn, by winning its two with Boston, to 3, while the Yankees defeated could tie the leaders, if they lost

two of four, but cannot win unless McGraw's team loses three of their four. The Robins won from Chicago yesterday.

Washington maintained its two-game lead by defeating Chicago, 6 Cleveland, 2 to 0 yesterday. The champions can now win the pennant only by taking their four games while Washington loses three of four. The Senators can tie by winning two.
